I intend to fill out a Parents' Financial Statement (PFS) with School and Student Services (SSS) in order to determine eligibility for financial assistance for the 2012 - 2013 Valwood school year.

For Current Families: I understand that a space will be temporarily reserved in the appropriate grade for my child until the financial assistance paperwork is filed by the assigned deadline (March 30, 2012), an award determined (by April 30, 2012), and a contract issued.

Once a final contract, showing any financial award, is issued it must be signed and returned by the appropriate deadline. The signed contract along with the any required fees must be returned to guarantee the award for my child. I understand any award that is assigned will expire and no longer be available after the noted deadline.
