

UPPER SCHOOL STUDENT

B.Y.O.D. SPECIFICATIONS

Valwood strongly encourages all Upper School students to bring their personal Windows or Apple laptop to school each day.

Online and technical components are a part of the majority of college courses. Every AP course and many of Valwood's Upper School courses also integrate online and technical components as well.

As technology evolves, so does the way in which material is taught and students learn. It is Valwood's belief that when students have the opportunity to choose their own laptop, they are more comfortable using their technology, allowing them to focus on actual learning in the classroom.

If you have questions, please contact Valwood's Director of Technology, Jessica Warren at 229-242-8491 or by email at jwarren@valwood.org

Minimum Laptop Specifications

- Platform** PC or Apple
- Memory** 8 GB min
- Hard Drive** 256 GB or larger
- Operating System (OS)** Windows 11 / Mac OS 14
- Network** Must support wireless
- Weight** Light & easy to carry

Windows Specifications Reference Chart

Platform	Good	Better	Best
PC 	Intel Core i3 or higher 4GB RAM min 120 GB SSD min Windows 11	Intel Core i5 or higher 8GB RAM min 250GB SSD min Windows 11	Intel i7 or i9 or higher 16 GB RAM 500GB or 1TB SSD Windows 11

Due to restrictions with testing applications, Chrome devices are not recommended.
